

OUT OF CONTRACT REGISTER FOR APPRENTICES AND TRAINEES

The free Out of Contract Register connects employers with jobseekers by providing a quick search tool for apprentices and trainees who have recently fallen out of their training contract with their employer. The register is also provided to WA Jobs and Skills Centres, Australian Apprenticeship Support Network (AASN) providers and group training organisations who work with employers and can help to connect them with apprentices and trainees looking for employment. The register will continue to be updated as we confirm the agreement of all parties for their details to be displayed.

How to use the register

Search the register to find an apprentice or trainee that suits your employment opportunity. The register provides information about the type of apprenticeship or traineeship, the stage (eg 1st year, 3rd year), and the location of the apprentice or trainee. To search for something specific, use the CTRL and F keys on your keyboard to open up a search box within the document.

How do apprentices or trainees get on to the register?

When Apprenticeship Office receives notification that a training contract is being terminated, they will contact the apprentice/trainee to ask if they would like to be added to the *Out of Contract Register*.

What do I do when I find a match?

When you find an apprentice or trainee on the register that matches your needs, contact Apprenticeship Office on 9224 6575 and quote the training contract ID number. If the apprentice or trainee has given permission to share their contact details, these will be provided so that you can contact them directly to discuss your employment opportunity.

What should I do when contacting the apprentice/trainee?

You should ask questions about the apprentice or trainee's work experience and training, to see if they are a good match for your business needs. You can ask them to come in for a meeting or attend an interview.

If you have any queries about the register, please contact Apprenticeship Office on 9224 6575.

APPRENTICESHIPS
