Notes

Where a job aligns to a priority industry qualification that is no longer in highest demand, the qualification is labelled transitional. Students enrolled in a transitional priority industry qualification in 2021 are advised that the course may be reclassified as a general industry training course in 2022. **Where this occurs, any units commenced in 2022 will attract the higher course fee rate that applies to general industry training courses.**

The Department will fund qualifications in line with the transition of training products outlined in the [Standards for Registered Training Organisations \(RTOs\) 2015](#).

The Department will review replacement qualifications on a monthly basis to determine their eligibility for the list. The decisions will be reflected in updates to the *Priority industry qualifications list* at the end of each month.
