

## 2020 Participation – Equity program referral agents

These organisations are approved referral agents for the Participation Program.

A referral, via email, from one of these agencies naming the student and target group is proof of eligibility for the cohort.

For example:

- *□ John Smith is currently in receipt of services from this organisation, is eligible under the 'youth at risk' category and is interested in undertaking automotive training with your organisation; or*
- *□ The individuals listed below are currently in receipt of services from this organisation, are eligible under the 'Culturally and Linguistically Diverse' category and are interested in undertaking retail training with your organisation.*

Note Participation referral agents are requested to make decisions about which RTOs they think most meet the needs of their clients. Participation referral agents may only refer their existing clients.

The Participation Program Preferred Provider Panel contains more than 90 RTOs and few Participation referral agents will have the capacity to do business with all RTOs on the panel. RTOs are reminded to only use the RTO contacts nominated on the Participation referral agents list.
