

Bricklaying Job Ready Program

Do you have a positive attitude and work well in teams?

Are you interested in joining the WA residential construction sector?

Get job ready – apply now!

Be part of Western Australia's \$147 million program, which will generate construction work to last through 2022.

Complete an expression of interest form via the QR code
or at **jobsandskills.wa.gov.au/pathways**

The four-week Bricklaying Job Ready program aims to provide a pipeline of bricklayers to meet the needs of WA's booming building industry. The program takes a unique approach, combining a three-week short course with a four-day work placement with an employer, which may lead to a bricklaying apprenticeship.

This program is FREE* for concession-eligible students.

Attend three weeks of intensive full time training
(4–5 days per week)

The three-week short course teaches:

- work safety practices;
- how to use a range of construction equipment and tools; and
- skills to work in a construction team.

Attend a four-day work placement with an employer

During your work placement, you will:

- gain real, hands on industry experience; and
- secure a 'foot in the door' by working with an employer.

Complete the program and become **job ready** to join the
bricklaying workforce

By completing the Bricklaying Job Ready program, you may:

- be offered a bricklaying apprenticeship with your work placement employer;
- be deemed suitable for other employment opportunities within the residential construction sector; or
- decide to undertake further training.

**Eligibility criteria applies*
