INTRODUCTION TO CYBER SECURITY SKILL SET

State ID AD142 | State ID AE154 (Fee Free)

Overview

As more and more takes place online the need for skilled workers to protect our online safety and security increases. The Introduction to Cyber Security Skill Set covers critical skills and knowledge to get you job ready in an exponentially growing industry.

You will learn how to manage personal and sensitive data and information in a confidential and professional manner, recognise and identify cybersecurity needs in an organisation, and undertake security fundamentals in relation to personal and networked computers. It also covers professional and ethical conduct in an Information and Communication Technology (ICT) workplace.

Further study options

The units in this skill set may lead to the qualifications listed below and other qualifications that allow selection of these units.

Half price courses†:
» Certificate IV in Cyber Security

Other courses:
» Certificate IV in Information Technology
» Certificate IV in Information Technology (Systems Analysis and Design)
» Certificate IV in Information Technology (Networking)
» Certificate IV in Information Technology (Support)

LOWER FEES LOCAL SKILLS
