WORK SAFETY IN CONSTRUCTION SKILL SET

State AE386

Overview

Construction work is happening all across WA and builders need skilled workers who are ready to get on the worksite. The Work Safety in Construction Skill Set will get you job ready for entry level roles in the construction industry.

This skill set covers how to follow mandatory work health and safety requirements in accordance with safety legislative requirements, how to use a range of construction equipment and tools including levelling devices, skills to work in a construction team, and basic construction work applications for new and existing structures including residential homes, units and apartments.

This skill set will prepare you for entry level positions in the building and construction industry such as trade's assistant (TA) or general labourer.

Further study options

The units in this skill set may lead to the qualifications listed below and other qualifications that allow selection of these units.

Half price courses†:

- » Certificate II in Construction
- » Certificate II in Construction Pathways
- » Certificate III in Bricklaying/Blocklaying
- » Certificate III in Painting and Decorating
- » Certificate III in Solid Plastering
- » Certificate III in Wall and Ceiling Lining

Other courses:

- » Certificate II in Building and Construction
