INTRODUCTION TO PRODUCTION HORTICULTURE SKILL SET

State ID AE621

Overview

Western Australia grows a diverse range of top-quality horticultural crops including tropical and temperate fruits, delicious vegetables and outstanding table wines.

Are you interested in working in this exciting industry? You may be interested in tree cropping, vegetable or berry production, grape growing or mushroom production – or you may work in a mixed enterprise.

The Production Horticulture Skill Set will introduce you to safe work practice in the horticultural industry; and you will learn to apply chemicals and cover the skills and knowledge to either plant or harvest horticultural crops, depending on the season and location.

Further study options

The units in this skill set may lead to the qualifications listed below and other qualifications that allow selection of these units.

Half price courses[†]:

- » Certificate II in Horticulture
