PRODUCTION HORTICULTURE TECHNOLOGY SKILL SET

National ID AHCSS00068 | State ID AD611

Overview

The use of technology in the production horticulture industry is increasingly important to effectively manage horticulture enterprises and provide opportunities for efficiencies in this industry. In the Production Horticulture Technology skill set, participants will learn about the e-business technologies used in production horticulture, operating specialised machinery and equipment; and how to utilise business software to enhance business decision making.

Further study options

The units in this skill set may lead to the qualifications listed below and other qualifications that allow selection of these units.

Half price courses†:

- » Certificate III in Agriculture
- » Certificate III in Indigenous Land Management
- » Certificate III in Production Horticulture

Other courses:

- » Certificate III in Conservation and Land Management
