INFECTIOUS CONTROL SKILL SET (HEALTHCARE) – FEE FREE FOR ALL

National ID: HLTSS00064 | State ID: AE112

Overview

This free Infection Control Skill Set will allow you to upskill in organisational infection prevention and control policies and procedures.

This skill set is suitable for people who require the skills and knowledge to decrease the risk and transmission of infection, whilst carrying out your daily duties.

These skills and knowledge can be applied to specific healthcare industry needs such as direct client care, community care, community services, in-home care, disability care and other work environments where you provide support and care to individuals or groups of people.

Areas covered in the Skill Set

- » Introduction to infection control
- » Chain of infection and disease transmission
- » Breaking the chain of infection
- » Contamination and cleaning
- » Hazards, risks, responsibilities and reporting

Unit of competency

HLTINF001 – comply with infection prevention and control policies and procedures

Further study options

The unit in this skill set may lead to the qualifications listed below and other qualifications that allow selection of this unit.

Half price courses[†]

- » Certificate III in Allied Health
