WORK IN COMMUNITY CARE SKILL SET

State ID AE383

Overview

The Work in Community Care Skill Set will give you a great start to get into the community care industry. It covers important areas such as first aid, communicating with diverse people and customer service in a community care setting. You'll also learn to follow organisational infection prevention and control policies and procedures, including implementing standard and transmission-based precautions and responding to infection risks.

You will be job ready, knowing how to provide a first aid response to a casualty in a range of situations, greet clients and exchange routine information to provide a triage service, work respectfully with people from diverse social backgrounds and demonstrate cultural sensitivity, communicate effectively with clients, colleagues and management, and use workplace technology.

This skill set will prepare you for entry level jobs in health, aged and community service care.
