INFECTION CONTROL SKILL SET (FOOD HANDLING)

National Code HLTSS00066 | State Code AE115

Overview

The Infection Control Skill Set is designed to give you job ready skills to follow organisational infection prevention and control policies and procedures. This includes implementing standard and transmission-based precautions and responding to infection risks in organisations that include food handling in their operations.

This skill set is suited to those working in hospitality, particularly in food handling and front of house. Skills can be applied to specific industry needs such as using kitchens and packaging areas, staff rooms, food stock deliveries, bathrooms and toilets.

Unit of competency

HLTINFCOV001 – Comply with infection prevention and control policies and procedures

Further study options

Achievement of this unit of competency provides credit towards a range of qualifications where infection control skills are required.

**LOWER FEES
LOCAL SKILLS**
